WHAT IS IVAS?

Derived from the word “NIVAS” which has a sanskrit origin which symbolizes a house, apartment or other shelter that is the usual residence of a person, family or household in which one’s domestic affections are centered.

IVAS is a revolutionary concept that transforms home interior design with innovation. The letter “A” symbolizes our unwavering commitment to upgrading living space, which embodies our aim to usher in a new era of interior design that is better, bigger, and stronger. IVAS strives to inspire and redefine the home interior landscape by pushing the boundaries of design and creating living spaces that reflect unique personality and style. Join us on our journey to redefine the essence of interior design with IVAS.

NIVAS

IVAS

CLEANING INSTRUCTION

- Please follow the cleaning material manufacturer's instructions and points mentioned below:
- ▲ Clean the faucets and showers as and when required. Regular cleaning can prevent calcification.
 - ▲ Use the amount of cleaning product and the amount of time recommended by the manufacturer. Do not leave the cleaner on the fixture longer than necessary time.
 - ▲ When using spray cleaners, spray first onto a soft cloth or sponge. Never spray directly onto the faucet as droplets can enter openings and gaps and cause damage. After cleaning, rinse thoroughly with clean water to remove any cleaner residue.

CLEANING MATERIALS

- ▲ Only use cleaning materials which are explicitly intended for this type of application.
- ▲ Never use cleaning materials which contain hydrochloric, formic, phosphoric, or acetic acid, as they cause considerable damage.
- ▲ Never mix one cleaning material with another.
- ▲ Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads, or micro-fiber cloths.

IMPORTANT

- ▲ Residues of liquid soaps, shampoos, and shower foams can also cause damage, so rinse with clean water after using. If the surface is already damaged, the effect of cleaning materials may cause further damage.

CONDITIONS OF WARRANTY

- ▲ IVAS guarantees to the purchaser that the products are warranted against any defect in manufacturing or faulty workmanship for the period of warranty beginning from the date of purchase.
- ▲ Warranty includes repairing of defective product/parts and does not apply to damage resulting from abnormal use, misuse, abuse, neglect, or accident.

TERMS AND CONDITIONS:

- ▲ In case of any manufacturing defect in the product, IVAS shall either repair the defect or replace the piece with a product of equivalent value.
- ▲ Damage of any product or parts thereof due to any of the following causes will not be covered under this warranty:

- User's or its agent's misuse, negligence, accident, or faulty installation.
- Improper maintenance of the product by not abiding by the IVAS printed instructions manual / customer guidelines.
- Dirt, Lime – Scale or aggressive cleaning chemicals. Unauthorized alterations to the products.
- ▲ This warranty will not be valid for the products or parts thereof that don't use original IVAS spare parts and which have been repaired by unauthorized / unqualified persons. This warranty specifically excludes hoses, rubber components and other consumables.
- ▲ In case of any amendment made to the certificate, this warranty is non-transferable and invalid.
- ▲ IVAS shall not be liable for any incidental, consequential, exemplary, special or punitive damages, or for any loss of revenue, profit or use arising out of breach of this warranty or in connection with the sale, maintenance, use, operation or repair of any IVAS product. In no event will IVAS be liable for any amount greater than the purchase price of a defective product.

THIS WARRANTY IS NOT APPLICABLE IN FOLLOWING CASES:

- ▲ Proof of purchase is not shown to company authorized service personnel at the time of repair.
- ▲ Installation/repair work is carried out by person/agency other than the authorized company personnel, or the product is not installed/used according to the instruction given in instruction/installation manual.
- ▲ Site conditions, where the product is installed, does not confirm to the recommended operating conditions of the product.
- ▲ Defect caused by routine wear & tear of running parts, higher hardness of water i.e., above 500PPM, operating pressure more than specified.
- ▲ Defect is caused due to cause beyond control like lightning, acts of God, abnormal water supply / pressure or while in transit from dealer's outlet to purchaser's residence.
